

Manveen Kaur

UI/UX Designer

Email: manveen.design@gmail.com | Portfolio: manveendesign.in | LinkedIn: linkedin.com/in/itsmanveenkaur

SUMMARY

UI/UX designer who designs and builds responsive, conversion-focused websites, with a strong foundation in typography, visual hierarchy, and grid systems. Focused on AI-assisted design and vibe coding, using Figma and Lovable to take ideas from concept to working product. Experienced in turning client requirements into clear, user-centered digital experiences.

EXPERIENCE

Web Design Intern, Because

May 2026 – Aug 2026

Ahmedabad

- Designed and developed responsive, conversion-focused websites in Lovable for clients across real estate, education, and other industries.
- Applied typography, visual hierarchy, and grid-based layouts to create clear, intuitive web interfaces.
- Collaborated with clients to translate requirements into intuitive digital experiences.
- Contributed to creative direction, UX, visual design, and implementation using efficient no-code workflows.

Freelance Web Designer

Jun 2022 – Present

- Pitch websites to local businesses through direct outreach, then design and build them for clients.
- Previously delivered graphic design work, including logo designs, Instagram creatives, basic motion graphics to clients.

Graphic Designer (Part-time, Remote), Digital Fortuners

Jul 2025 – Sep 2025

- Created Instagram posts, banners, brand kits, and logos for a digital marketing agency, using typography and visual hierarchy to keep designs clear and on-brand.
- Managed a high design workload, client revisions, and changing requirements within tight deadlines.

Illustrator & Layout Designer, The Blend

Jul 2024 – Apr 2025

- Designed grid-based layouts with clear typographic hierarchy for the monthly magazine of Karnavati University, collaborating with the magazine head and fellow designers.
- Redesigned the magazine's logo and visual identity.

EDUCATION

B.Des (Hons.) in Communication Design

Jul 2023 – Present

UID, Gandhinagar
